

Four Year University Transfer Agreements

Beaufort County Community College (BCCC) has agreements with several senior institutions covering the conditions for student transfer from Beaufort County Community College to a baccalaureate program at the four-year college or university. Many of the agreements guarantee admission. These formal arrangements are referred to as program-specific articulation agreements covering the conditions for the transfer into a particular curriculum. Students transferring prior to the receipt of the associate of arts or associate of science degree are not covered under these articulation agreements. Advisors and transfer specialists can provide information about these agreements.

Beaufort County Community College has current agreements, as a result of either direct negotiations between Beaufort County Community College and the transfer institution.

The [North Carolina Community Comprehensive Articulation Agreement \(CAA\)](#) is a statewide agreement governing the transfer of credits between NC community colleges and NC public universities and has as its objective the smooth transfer of students.

The [Independent Comprehensive Articulation Agreement \(ICAA\)](#) between the North Carolina Community College System (NCCCS) and the [Signatory Institutions](#) of North Carolina Independent Colleges and Universities (NCICU) is intended to provide smooth transfer for community college students who wish to continue their education at an NCICU Signatory Institution. The ultimate goal of this agreement is the seamless articulation from the community college to the NCICU institution with minimal loss of credit or repetition of work.

The [Uniform Articulation Agreement](#) promotes educational advancement opportunities for registered nurses moving between North Carolina Community Colleges and the constituent institutions of The University of North Carolina in order to complete Bachelor of Science in Nursing degrees.

BCCC Program of Study	College	Transfers To
AS & AA	Statewide Agreement	Various Bachelor Degrees All UNC Institutions and all participating independent colleges
