

INTERNATIONAL STUDENT ADMISSIONS

International students must meet all Beaufort County Community College admissions requirements and are required to observe the regulations of the United States Citizenship and Immigration Service (USCIS), as well as the College. Persons holding student visas cannot be classified as North Carolina residents for tuition purposes and will be required to pay out-of-state tuition. Legal residents with permanent visas (Alien Registration card holders) are admitted to BCCC under the same residency criteria and burden of proof required of United States citizens.

Most visas are acceptable. Applicants who hold a visitor's visa (B) or (J) are not eligible to enroll in curriculum programs. For more information on international student admissions, contact the BCCC Admissions Office.
