

Policy 4.08

Live Projects Policy

The College shall utilize Live Projects in compliance with [23 NCAC 02D.0310](#) to enhance instruction and improve student learning. Live Projects will be considered only when a project proposal is directly related to the learning objectives of the course and to the instructional program.

Live Projects are defined as:

1. Educational programs in which students, as a part of their educational experiences, repair or remodel equipment not owned by the college; or
2. Educational programs that produce goods that are sold or services for which charges are made, such goods or services being the normal and necessary product of learning activities of students.

Authorized Projects

Live projects are authorized only when the service or work to be performed is related directly to the instruction being conducted at the time the project is undertaken.

Live projects may be authorized by the vice president of academics or vice president of continuing education with approval of the Board.
