State Authorization Policy

The purpose of the College State Authorization policy is to ensure that the College adheres to the state authorization regulations as specified in the Higher Education Opportunity Act of 2008, Amended 2010.

If an institution is offering postsecondary curricular education through distance or correspondence education to students in a State in which it is not physically located or in which it is otherwise subject to State jurisdiction as determined by the State, the institution must meet any State requirements for it to be legally offering postsecondary distance or correspondence education in that State. An institution must be able to document to the Secretary [of Education] the State's approval upon request. (Authority: 20 U.S.C. 1001 and 1002).
