The screenshot shows the 'Connect with a Tutor Now' page. At the top, there are navigation links: 'Connect with a Tutor Now', 'Schedule a Session', 'Drop Off Your Work', 'Test Prep and Self-Study', 'Job and Career Resources', and 'My Account'. Below this is a section titled 'What do you need help with today?' with a language dropdown set to 'English'. There are two dropdown menus for 'Topic' and 'Subject'. Below these are radio buttons for 'Chat Only' and 'Chat with Voice'. A text input field is labeled 'Enter your question here...'. At the bottom, there is a yellow 'SUBMIT' button.

Step 1: Get started

Step 2: Get the right tutor and start your session

Fill in the quick pre-session questionnaire. Using this information, we will match you with the first available tutor best qualified to assist you.

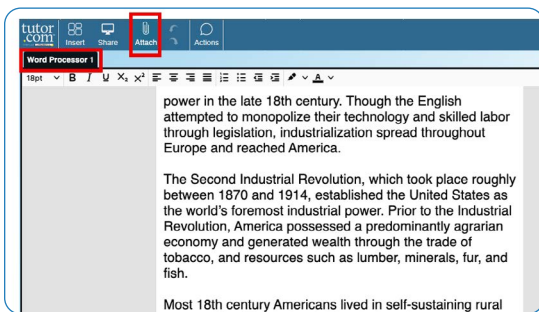

Click on the **SUBMIT** button to quickly connect with an incredible tutor.

Step 3: Communicate

You can use text- or voice-chat to communicate with your tutor in the online classroom. You and your tutor may also use the interactive whiteboard to share work and ideas.

*All activity in the classroom is recorded for review and quality control. Transcripts will be available afterward in **My Account** under the **Completed Sessions** tab.*

Step 4: Share a file

You can upload files related to your assignment to the online classroom—including documents, spreadsheets, presentation slides, screenshots, image files, and more. You and your tutor will be able to view them together during your session.

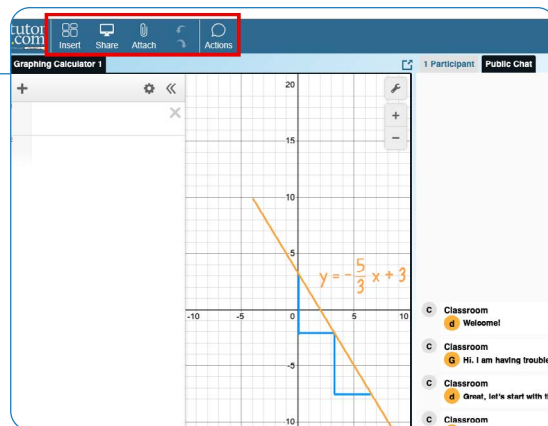

The screenshot shows the 'How was your session?' survey. It includes three rows of smiley face icons for rating: 'How was your overall session?', 'How was your tutor?', and 'How well did you understand the lesson?'. Below these is a text input field for 'Is there anything else you'd like to share with us today?'. A yellow 'SUBMIT' button is at the bottom.

Step 5: Rate and review your session

After each session, be sure to let us know how we did! Complete the survey and share your comments. Then, you'll have the option to play a recording of your session and email or print the chat log and whiteboards.

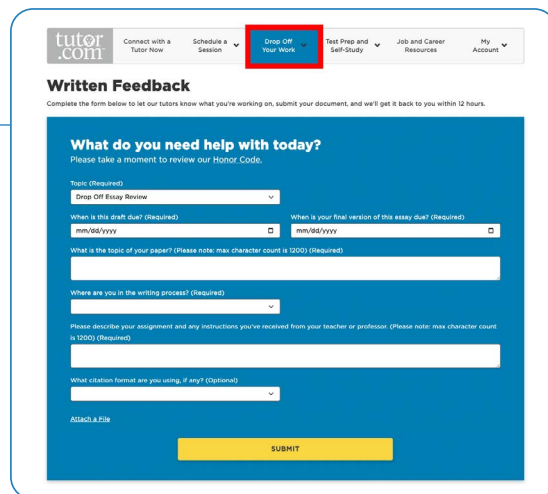

Use special tools

The classroom includes a graphing calculator, code editor, and text editor that can be used when working on subject material requiring special tools. You can open them by using the buttons above the whiteboard.

Submit your paper

The drop-off writing review service allows you to get expert help from a tutor without having to connect for a real-time session. Upload a draft of your assignment—whatever stage it is at—and get detailed feedback within a day. Retrieve your tutor's completed review in **My Account** under the **Completed Sessions** tab.

Practice for a test

Use our practice quizzes to assess your knowledge and prepare for upcoming tests in math, science, and English. Take a quiz, review your results, and connect with a tutor to go over any questions you may have missed.
