

Basic Pipe Welding Certificate C50420C

The Basic Pipe Welding certificate provides students with a basic knowledge and skill of standard welding procedures.

Students will learn plate and pipe welding processes in Stick (SMAW) and TIG (GTAW) welding applications.

Upon completion students should qualify for entry-level employment in metal welding industries.

All courses in this certificate program may be applied toward completion of the Welding Technology diploma and the Associate of Applied Science degree in Welding Technology.
