

Graduation Requirements

Students should apply for graduation one semester prior to the semester in which they expect to complete their work. Application should be made through the Registrar's Office.

In order to be eligible for graduation, a student must complete all prescribed courses for the curriculum. Students must have a minimum cumulative grade point average (GPA) of 2.00. Grade point averages are calculated by dividing the total number of grade points earned by the total number of credit hours attempted. Courses used in this calculation are those completed at Beaufort County Community College that are listed in the student's curriculum outline as minimum requirements and any additional courses approved by the appropriate division chairperson.

Students must complete a minimum of 25 percent of hours required for a degree, diploma, or certificate in residence at Beaufort County Community College.

In order to graduate, each student must fulfill all financial obligations to the College, including graduation fees. Graduation fees are to be paid at the time of registration for the semester in which graduation requirements will be completed.
