Your 2019-2020 Free Application for Federal Student Aid (FAFSA) is selected for verification by the Department of Education. This process requires the Financial Aid Office to compare the information reported on the FAFSA for you and your spouse (if married) with the information on this worksheet and any other required documentation. Federal law states that we have the right to confirm the information that was reported before awarding and/or disbursing federal student aid. **Your eligibility for financial aid cannot be determined until the verification process has been completed.**

Student Name: _____ Student ID: _____

You must complete and sign this worksheet, attach any required documentation and submit the completed package to the Financial Aid Office. If you were married on the day you signed and submitted your FAFSA, you are required to include information for your spouse. If there are any discrepancies between the information reported on the FAFSA and the documents submitted to our office, **your signature on this form authorizes our office to make the appropriate corrections to your FAFSA.**

Additional information may be needed to complete your file. If you have any questions about the verification process, contact the Financial Aid Office as soon as possible to avoid a delay in processing your request for financial aid.
